

# CONTENTS Issue No 3

## 3 EDITOR'S LETTER

## 6 AIR CORRESPONDENCE

### 12 THERE I WAS . . .

Richard Paver recalls being at the sharp end for a historic photo-sortie with Ray and Mark Hanna and a Folland Gnat

### 14 I BUILT "THE LAST OF THE MANY"

Herbert Morris's charming record of his experiences of wartime aircraft production at Hawker's Langley factory

### 24 THE GLIDER WITH BUILT-IN THERMALS

TAH takes a look at France's ingenious — if somewhat anti-social — pulsejet-powered glider, the Emouchet Escopette

### 26 PROJECT TERMINATED

Erik Simonsen examines the political decision-making process behind one of the most controversial cancellations of the Cold War era — the Avro Canada CF-105 Arrow

### 36 PIONEERING THE FIGHTER

Using material that has remained unpublished for a century, Philip Jarrett opens a comprehensive two-part history of the forerunners of the Royal Aircraft Factory's S.E.5 fighter

### 52 CODENAME *HIGHBALL* AND ME

The late William Hiscock was serving off Normandy when his ship was sent to Scotland for an unusual top secret mission

### 54 PUTTING MAIN STREET USA ON THE MAP

David H. Stringer surveys the USA's post-war Local Airline Service, which transformed the nation's transport system

### 64 THE ULTIMATE WAR PRIZE

Vladimir Kotelnikov explains how captured German technology sparked the Soviet Union's jet development programme

### 76 AIR AMERICA IN LAOS: THE FINAL CHAPTER

The concluding half of Jonathan Pote's in-depth account of the history of the "CIA's secret airline", Air America, in Laos

### 88 EL RELÁMPAGO EN ARGENTINA

Ricardo M. Lezon charts the career of the sole Lockheed P-38 Lightning used for photo-survey work in 1960s Argentina

### 96 CESSNA'S WHIRLYBIRD

The Editor traces the history of the Skyhook, Cessna's record-setting but flawed attempt to enter the helicopter market

### 108 BEFORE & AFTER

Roger Tisdale and Arvo Vercamer compare the colours of a Nieuport 17 flown by both White Russian and Estonian forces

### 110 BROKEN ARROW

1965: a US Navy A-4E Skyhawk armed with a live nuclear weapon slips off the deck of the *USS Ticonderoga* 90 miles from Japan. Was it covered up? Jim Winchester investigates

### 120 ARMCHAIR AVIATION

### 125 LOST & FOUND

### 126 MERCURY RISING

In an exclusive extract from his superb new book *Spacesuit*, Brett Gooden describes the challenges of designing a suit for NASA's Mercury 7 astronauts

### 130 OFF THE BEATEN TRACK
